

Colorado
Credit Union Real Estate Network
Meeting Announcement

Thursday, February 10th 9 a.m. to 12 p.m.

Red Rocks Federal Credit Union
Training Room
9325 Dorchester Street, Suite 200
Highlands Ranch, CO 80129

Presentations by:

HomeSold has organized a network of real estate agents, hand-picked for their knowledge, experience and commitment to quality service. You can offer your members the convenience of an immediate referral to a qualified agent, and be confident that they will receive professional and responsive service. Members receive a 25% rebate of their agent's commission at no cost to your credit union. Program is currently offered by many credit unions. Locally offered by Columbine FCU, Denver Fire Department FCU, Denver Public Schools CU, First Medical CU, Members Advantage FCU and Safeway Rocky Mountain FCU.

Kroll Factual Data

As a lender, to process a mortgage loan application, you need to know in advance the borrower's mortgage lien information as well as any tax liens or judgments. Our Mortgage Loan Report instantly uncovers this data, resulting in quick underwriting decisions at reduced costs. Our Mortgage Loan Report is so thorough that it is an excellent alternative to more traditionally used products that take longer and are more costly. In fact, we are so confident in our report and its ability to capture all of the data you need that we will reimburse lenders for losses sustained as a result of an error or omission. To further reduce your risk of exposure, our Mortgage Loan Report covers the critical time period after the loan is approved and before it is recorded at the county clerk's office.

Plus information on the Spring Conference in New York for

Red Rocks Federal Credit Union is located south of C470 between Lucent and Broadway just off Highlands Ranch Parkway. Look for the "Clock Tower". We are on the second floor. If you take Lucent, turn left on Highlands Ranch Parkway and if you take Broadway, turn right on Highlands Ranch Parkway.

Lunch to be provided courtesy of Kroll Factual Data.

Please RSVP to Steve VanSickler at 303/471-7667 or email to svansickler@redrocks.org
