Making mortgage loans to our members!

Thursday May 14th, 2009

8:30 a.m. to 1:00 p.m.

Bellco Credit Union

7600 East Orchard Road – North Building 1st Floor Training Room
Greenwood Village, CO 80111

Presentations:

“The State of Our Industry”

Doug Ferraro, President /CEO Bellco Credit Union; Chairman, Credit Union Association of Colorado

Timely topics and thought provoking insight is how we will start our day as we're delighted to have the CEO of the 2nd largest credit union in Colorado provide an overview of what he is seeing on a state and national lending outlook. Doug will also share with us updates and highlights from the Credit Union Association of Colorado Convention that took place several weeks ago.

“Colorado Legislative Overview and results of HB 1085”

Timothy Dore, SVP of Government Affairs, Credit Union Association of Colorado

Tim will be updating us on how the 2009 Colorado General Assembly closed out its session and how mortgage legislation fared this year. A highlight will be a synopsis of HB 1085 (Colorado S.A.F.E. Act Implementation) – how it came to be and its movement through the legislative process.

“Loss Mitigation Update: The Making Home Affordable Modification Program”

Steve VanSickler, ACUMA Legislative & Regulatory Compliance Chair

Steve will provide an overview of President Obama's Making Home Affordable Modification Program and the impact it can have on your loss mitigation efforts to keep your members in their homes.

“The Opportunity of a Lifetime... Mortgage Lending Will Lead The CU System”

Bob Dorsa, President, American Credit Union Mortgage Association

Bob has passionately stood at the helm of ACUMA for over 10 years and there is no one in our industry who carries the dream of homeownership brought to you by credit unions nationwide like he does! The time to be complacent is not now if credit unions are to move from 2% to 10% in marketshare in 10 years per the Credit Union Housing Roundtable Call to Action. Are you and your credit union ready to move forward and take advantage of the opportunities that our lending environment has afforded us? As Bob will remind us all, the time is now!

Breakfast will be provided by

from 8:30 a.m. to 9:00 a.m.

Lunch will be provided by
